Members holding shares in demat form are requested to notify any change in their addresses, e-mails and/or bank account mandates to their respective DPs only and not to the Company/ RTA for effecting such changes. The Company uses addresses, e-mails and bank account mandates furnished by the Depositories for updating its records of the Shareholders holding shares in electronic/demat form.

The instructions for shareholders voting electronically are as under:

- i. The voting period begins on 25th August, 2024, Sunday at 9:00 am and ends on 27th August, 2024, Tuesday at 5:00 pm. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date Wednesday 21st Augustl 2024) of <Record Date> may cast their vote electronically. The e-voting module shall be disabled by Bigshare for voting thereafter.
- ii. Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- iii. Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

iv. In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. MANAGEMENT DISCUSSIONS AND ANALYSIS

INDUSTRY STRUCTURE AND DEVELOPMENT:

The Company mainly trading into electronic parts to supply specified clients. Now considering the need and demand in Indian semiconductor industry decided to carryout business activities in Indian semiconductor sector.

The Indian semiconductor industry has been experiencing significant growth and development in recent years. It plays a crucial role in the country's electronics manufacturing sector and contributes to the advancement of various high-tech industries. Overall, the Indian semiconductor industry is experiencing growth and transformation, driven by increasing domestic demand, government initiatives, and a focus on design and R&D. With continued support and investment, the industry is expected to contribute significantly to India's electronics manufacturing capabilities and emerge as a global player in the semiconductor sector.

OPPORTUNITIES AND THREATS:

Due to stiff competitions in the finance field where the company's activities are cantered in, the overall margins are always under pressure, but maintainable, with the constant effort and good services rendered by the company.

The Indian semiconductor businesses will give good returns in the days to come along with the trading line of activities.

There is industrial growth expected to increase new opportunities in personal finance and there is favorable Govt. policies and that shall help the Company to start/ expand in near future.

A small change in the focus of a large competitor might wipe out any market position we achieve. Through highly prevailing in the market remains the main risk faced by the company for investment activity.

In the current financial Year 2024-25, the company has changed its main object and ventured in to new business of Electronics devices and Semiconductor. The Company is anticipating huge business opportunities considering growing demand of Electronics devices and Chips, and incentive and subsidy benefits (PLI Scheme of Government) provided by State and central government for the business.

The semiconductor industry faces several threats that can impact its operations and growth. Here are some significant threats faced by the semiconductor industry:

Supply Chain Disruptions: The semiconductor industry relies on complex global supply chains, and disruptions at any stage can have severe consequences. Events like natural disasters, geopolitical tensions, trade disputes, or pandemics can lead to supply chain interruptions, component shortages, and production delays. Technological cost and its Obsolescence: The rapid pace of technological

advancements in the semiconductor industry means that products and technologies can quickly become outdated. Companies must continually invest in research and development (R&D) to stay competitive and ensure their offerings remain relevant in the market. Failure to do so can lead to the risk of being left behind.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The Company has changed its main object in current financial year 2024-25 and started new business and doing well, and looking forward for growth in the future in trading activities.

OUTLOOK:

While economy recovery is expected in 2024, and if some of the forecasts hold true, India will become the fastest growing large economy of the world in the coming years. Government initiatives such as 'Make in India' coupled with the new governance regime will boost confidence of global investors and act as a catalyst for overall growth of the industry. The growth momentum in India is expected to be driven by focused spending on development projects in the form of increased public spending on infrastructure development. This will become the engine for driving several sectors of economy and lead increased industrial activity. A continuously moderating inflation and a growth driving monetary policy coupled with improved purchasing power of an increasing middle class will further aid revival of domestic demand in turn leading to growth. Your company's ability to work closely with customers will enable it to counter threats from competition as well as strengthen the ability to create value proposition for customers. Further, the foreign source and several of them making India their sourcing hubs, overall growth prospects of the industry looks better.

RISKS AND CONCERNS

In semiconductor industry there is risk of supply chain disruption of recent years and current political and economic uncertainty. The semiconductor industry is influenced by global economic conditions. Periods of economic downturns, recessions, or fluctuations in consumer demand can impact semiconductor sales and revenue. Companies need to be prepared to navigate through economic uncertainties and adapt their strategies accordingly. The semiconductor industry requires highly skilled professionals, including engineers, researchers, and technicians. However, there is a shortage of talent with the necessary expertise in certain regions. This scarcity can impede technological advancements and innovation in the industry.

The Financial need of the company in Indian semiconductor industry trading activities and FAB center is huge and company may face a lot of challenges in this regard.

INDEPENDENT AUDITORS' REPORT

**To the Members of
G.D TRADING AND AGENCIES LIMITED**

Report on the Audit of the Financial Statements

Opinion

We have audited financial statements of G.D Trading and Agencies Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2024 and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS), of the state of affairs of the Company as at 31st March, 2024, and its loss including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone financial statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Relating to Going Concern

We draw attention to in the financial statements which indicates that the Company incurred a net loss of Rs. 1.70 /- lacs for the year ended 31st March 2024 as of that date, the Company Total Liabilities exceeded its Total assets as on 31st March, 2024. As per Financial Statement these events or conditions, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. As stated therein, the financial statements of the company have been prepared on a going concern basis, based on management confirmation that company is in the process of adding new lines of business. Our opinion is not modified in respect of this matter.

Emphasis of Matter

- a) Loan and advances given & taken are subject to confirmation, reconciliation, adjustment & provisions, if any which may arise out of confirmation and reconciliation. However as per the management no provision is required as the balances are considered goods and recoverable.
- b) Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

The key Audit Matter	How was the matters addressed in our Audit
<p>All financial and other Assets and Liabilities valued at cost by Company</p> <p>The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1 April 2023.</p>	<p>Our audit procedures with regard to valuation of assets and liability as per IND AS Accounting Standard we found that cost represents the best estimate of fair value of assets and liability.</p> <p>Based on our examination, which included test checks, the company has used accounting software for maintaining its books of account for the financial year ended March 31, 2024 however software used does not have a feature of recording audit trail (edit log) facility.</p>

Other Information

The Company's Board of Directors is responsible for the other information. The other information obtained at the date of this auditor's report is the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and , in doing so , consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit , or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance,(Changes in Equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for

ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1.  - (b) According to the information and explanations given to us and the records of the company examined by us, there are no statutory dues referred to in sub-clause (a) above, which have not been deposited on account of any dispute.
- viii) According to the information and explanations given to us and on the basis of our audit procedures performed by us, there were no transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the assessments under the Income Tax Act, 1961 (43 of 1961)
- ix) (a) According to the information and explanations given to us and the records of the Company examined by us, the Company has not defaulted in repayment of loans and other borrowings or

in the payment of interest thereon to any lender.

- (b) According to the information and explanations given to us, and on the basis of our audit procedures, we report that the company has not been declared willful defaulter by any bank or financial institution or other lender.
- (c) According to the information and explanations given to us by the management, the Company has not obtained any term loans. Accordingly, clause 3(ix) (c) of the Order is not applicable.
- (d) Any funds raised by the company for short term purposes are not utilised for any long term purpose.
- (e) According to the information and explanations given to us and in our opinion, the company does not have any subsidiary, associate or joint venture company. Hence, the provisions of Clause 3(ix) (e) and (f) of the Order are not applicable to the Company.
- x) (a) In our opinion and according to the information and explanations given to us, the company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year.
- (b) The company has not made any preferential allotment/ private placement of share or fully or partly paid convertible debentures during the year and accordingly provisions of clause (x) of Para 3 of the Order are not applicable.
- xi) (a) According to the information and explanations given to us, no material fraud by the Company or on the Company has been noticed or reported during the year.
- (b) No report on fraud under section 143(12) of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- xii) In our opinion, the Company is not a Nidhi Company. Accordingly, the provisions of Clause 3 (xii) of the Order are not applicable to the Company.
- xiii) In our opinion and according to the information and explanations given to us, all transactions which the related parties are in compliance with sections 177 and 188 of the Companies Act, 2013 and the details have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- xiv) The Company does not have an internal audit system though mandated under section 138 of the Act. Hence reporting under the provisions of Clause 3 (xiv) could not be made.
- xv) According to the information and explanations given to us, in our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi) (a) In our opinion and based on our examination, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934(2 of 1934). Accordingly, the

provisions of Clause 3 (xvi) (a), (b) and (c) of the Order are not applicable to the Company.

- (d) In our opinion, there is no core investment company within the Group [as defined in the Core Investment Companies (Reserve Bank) Directions, 2016] and accordingly, reporting under clause 3 (xvi)(d) of the Order is not applicable.
- xvii) According to the information and explanations given to us, and the audit procedures performed by us, and on an overall examination of the financial statements of the Company, we report that the company has incurred cash losses of Rs 1.7 lakhs in the financial year under audit and Rs 7.22 lakhs in the immediately preceding financial year.
- xviii) There has been no resignation of the statutory auditors during the year and accordingly this clause is not applicable to the Company.
- xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- xx) Since section 135 of the Companies Act, 2013 is not applicable to the company, hence reporting under clause 3(xx)(a) and (b) of the order is not applicable to the Company.

Reporting under clause xxi of the Order is not applicable at the standalone level of reporting.

“Annexure-B” to the Independent Auditors’ Report on the Financial Statements of G.D Trading and Agencies Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of G.D Trading & Agencies Limited (“the Company”) as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance notes require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls

over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

G D TRADING AND AGENCIES LIMITED

Material Accounting policies and explanatory notes to the financial statements

Note 1 – Accounting Policies under Ind AS

1. Corporate information:

G D Trading and Agencies Limited is a Public company incorporated on 28th May, 1980 under Companies Act 1956. The Registered Office of the Company is situated at 129B, Ansa Industrial Estate, Sakinaka, Andheri East, Mumbai 400072. Its shares are listed on BSE (BSE Limited). The Company is currently engaged in various type of business.

2. Basis of preparation of financial statements:

a. These financial statements are the separate financial statements of the Company prepared in accordance with Indian Accounting Standards ('Ind AS') notified under section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto.

b. Basis of Preparation:

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standard) Rules, 2015 as amended by the Companies (Indian Accounting Standard) (Amendment) Rules, 2016. These financial statements are presented in INR and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below.

The financial statements correspond to the classification provisions contained in Ind AS 101, "Presentation of Financial Statements". For clarity, various items are aggregated in the statement of profit and loss, balance sheet, statement of changes in equity and statement of cash flows. These items are disaggregated separately in the Notes to the financial statements, where applicable. The financial statements of the Company present separately each material class of similar items and items of a dissimilar nature or function. The financial statements do not provide disclosures where the information resulting from that disclosure is not material. However, the financial statements provide disclosures of all items required by law even if the information resulting from that disclosure is considered to be not material.

c. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

A. An assets treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within 12 months after a reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after a reporting period.

All other assets are classified as non-current.

B. Liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within 12 months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

All other liabilities are classified as non-current.

C. Deferred tax asset and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified 12 months as its operating cycle.

D. Use of Estimates and judgment

In the application of accounting policy, the management is required to make judgement, estimates and assumptions about the carrying amount of assets and liabilities, income and expenses, contingent liabilities and the accompanying disclosures that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant and are prudent and reasonable. Actual results may differ from those estimates. The estimates and underlying assumptions are reviewed on ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

The few critical estimations and judgments made in applying accounting policies are:

- i. **Property, Plant and Equipment:**
Useful life of Property, Plant and Equipment and Intangible Assets are as specified in Specified in Schedule II to the Companies Act, 2013.
- ii. **Income Taxes:**
Significant judgement is required in determining the amount for income tax expenses. There are many transactions and positions for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final

tax outcome is different from the amount that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

iii. **Impairment of Non-financial Assets:**

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An assets recoverable amount is higher of assets or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other asset or group of assets. Where carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered as impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flow are discounted to their present value using pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

iv. **Impairment of Financial assets:**

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

3. Summary of Significant Accounting Policies

i. **Provisions, contingent liabilities, contingent assets:**

Provisions are recognised when the Company has a present or constructive obligation as a result of past events, when it is probable (i.e. more likely than not) that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount can be made. Provisions are reviewed at the end of each financial reporting period and adjusted to reflect the current best estimate. When the Company expects some or all of the provision to be reimbursed, the reimbursement is recognised as a standalone asset only when the reimbursement is virtually certain.

Where effect of the time value of money is material, the provision is the present value of the estimated expenditure required to settle the obligation.

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence of one or more uncertain future events not wholly within the control of the Company. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial information. When a change in the probability of an outflow occurs so that the outflow is probable, it will then be recognised as a provision.

A contingent asset is a probable asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Company. The Company does not recognise contingent assets but discloses their existence where inflows of economic benefits are probable, but not virtually certain.

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

ii. **Share Capital and share premium:**

Ordinary Shares

Proceeds from issuance of ordinary shares are classified as share capital in equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction net of tax from the proceeds. Par value of the equity share is recorded as share capital and the amount received in excess of the par value is classified as share premium.

Preference Shares

Proceeds from issuance of preference shares are classified as share capital in equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction net of tax from the proceeds. Par value of the preference share is recorded as share capital and the amount received in excess of the par value is classified as share premium.

iii. **Cash Flows and Cash and Cash Equivalents:**

Statement of cash is prepared in accordance with the indirect method prescribed in the relevant Ind AS. For the purpose of presentation in the statement of cash flows, cash and cash equivalents

includes cash on hand, cheques and drafts on hand, deposits held with banks, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. However, bank overdrafts are shown within borrowings in current liabilities in the balance sheet for the purpose of presentation.

iv. **Revenue recognition:**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before the revenue is recognised.

v. **Employee benefits:**

Short term employee benefits

All employee benefits payable wholly within 12 months of rendering services are classified as short term employee benefits. Wages, salaries, paid annual leave and sick leave, bonuses and non-monetary benefits are accrued in the year in which the associated services are rendered by employees. For employee leave entitlement the expected cost of short-term employee benefits in the form of compensated absences is recognised in the case of accumulating compensated absences, when the employees render service that increases their entitlement to future compensated absences; and in the case of non-accumulating compensated absences, when the absences occur. A liability for bonuses is recognised where the entity is contractually obliged or where there is constructive obligation based on past practice.

vi. Income tax:

Income tax expense represents the sum of tax currently payable and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to the items recognised directly in equity or in other comprehensive income.

Current Income Tax:

Current tax includes provision for Income Tax computed under special provision (i.e. Minimum Alternate Tax) or normal provision of Income Tax Act provisions. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities on the basis of estimated taxable Income. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred Tax:

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and their corresponding tax bases (known as temporary differences). Deferred tax liabilities are recognised for all temporary differences that are expected to increase taxable profit in the future. Deferred tax assets are recognised for all temporary differences that are expected to reduce taxable profit in the future, and any unused tax losses or unused tax credits. Deferred tax assets are measured at the highest amount that, on the basis of current or estimated future taxable profit, is more likely than not to be recovered. The net carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to reflect the current assessment of future taxable profits. Any adjustments are recognised in profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the taxable profit (tax loss) of the periods in which it expects the deferred tax asset to be realised or the deferred tax liability to be settled, on the basis of tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to the income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis. Company have not recognised Deferred tax Assets due to no expectation of recovery of loss.

vii. Earnings per Share:

Basic Earnings per share is computed by dividing the profit from continuing operations and total profits, both attributable to equity share holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per share are

computed using the weighted average number of equity and dilutive equivalent shares outstanding during the period, except where the results would be anti-dilutive.

viii. Deferred tax asset and liabilities are classified as non-current assets and liabilities.

ix. **Fair value Measurement:**

Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of asset and liability if market participants would take those into consideration. Fair value for measurement and / or disclosure purposes in these financial statements is determined in such basis except for transactions in the scope of Ind AS 2, 17 and 36. Normally at initial recognition, the transaction price is the best evidence of fair value.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A Fair value measurement of a non-financial asset takes in to account a market participants ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (Unadjusted) market prices and active market for identical assets and liabilities

Level 2 – Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by the re assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

x. **Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial

liability or equity instrument of another entity. The Company recognises a financial asset or financial

liability in its balance sheet only when the entity becomes party to the contractual provisions of the

instrument.

a. **Financial assets:**

A financial asset inter-alia includes any asset that is cash, equity instrument of another entity and a

financial liability or equity instrument of another entity. The Company recognises a financial asset or

financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Financial Assets other than investment in subsidiaries

Financial assets of the Company comprise trade receivables. Cash and cash equivalents, bank balances, investment in equity shares of Companies other than in subsidiaries, investment other than in equity shares, loans / advances to employees / related parties / others, security deposit, claims recoverable etc.

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit and Loss. When transaction price is not the measure of fair value and fair value is determined using a valuation method that uses data from observable market, the difference between transaction price and fair value is recognised in Statement of Profit and Loss and in other cases spread over life of the financial instrument using effective interest method.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in three categories:

- Financial asset measured at amortised cost
- Financial asset at fair value through OCI
- Financial assets at fair value through profit or loss

Financial assets measured at amortised cost

Financial assets are measured at amortised cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding. These financial assets are amortised using the effective interest rate (EIR) method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss in finance

costs.

Financial assets at fair value through OCI (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. At initial recognition, an irrevocable election is made (on an instrument by instrument basis) to designate investments in equity instruments other than held for trading purpose at FVTOCI. Fair value changes are recognised in the other comprehensive income (OCI). On derecognition of the financial asset other than equity instruments, cumulative gain or loss previously recognised in OCI is reclassified to income statements.

Financial assets at fair value through profit or loss (FVTPL)

Any financial asset that does not meet the criteria for classification as at amortised cost or as financial assets at fair value through other comprehensive income, is classified as financial assets at fair value through profit or loss. Further, financial assets at fair value through profit or loss also include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value profit or loss are fair valued at each reporting date with all the changes recognised in the Statement of profit and loss.

De-recognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds receivables.

Impairment of financial assets

The Company assesses impairment based on expected credit loss (ECL) model on the following:

- Financial assets that are measured at amortised cost.
- Financial assets measured at fair value through other comprehensive income (FVTOCI)

ECL is measured through a loss allowance on a following basis:-

- The 12 month expected credit losses (expected credit losses that result from all possible default events on the financial instruments that are possible within 12 months after the reporting date)
- Full life time expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments)

The company follows 'simplified approach' for recognition of impairment on trade receivables or contract assets resulting from normal business transactions. The application of simplified approach does not require the Company to track changes in credit risk. However, it recognises impairment loss

allowance based on lifetime ECLs at each reporting date, from the date of initial recognition.

For recognition of impairment loss on other financial assets, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has increased significantly, lifetime ECL is provided. For assessing increase in credit risk and impairment loss, the Company assesses the credit risk characteristics on instrument-by-instrument basis.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

Impairment loss allowance (or reversal) recognised during the period is recognised as expense/income in the statement of profit and loss.

b. Financial liabilities and equity instruments:

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

The Company's financial liabilities include loans and borrowings including bank overdraft, trade payable, accrued expenses and other payables.

Initial Recognition and measurement

All financial liabilities at initial recognition are classified as financial liabilities at amortised cost or financial liabilities at fair value through profit or loss, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Any difference between the proceeds (net of transaction costs) and the fair value at initial recognition is recognised in the Statement of Profit and Loss or in the "Expenditure Attributable to Construction" if another standard permits inclusion of such cost in the carrying amount of an asset over the period of the borrowings using the effective rate of interest.

Subsequent measurement

Subsequent measurement of financial liabilities depends upon the classification as described below:-

Financial Liabilities classified at Amortised Cost:

Financial Liabilities that are not held for trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that

are integral part of the Effective Interest Rate. Interest expense that is not capitalised as part of cost of assets is included as Finance costs in the Statement of Profit and Loss.

Financial Liabilities at Fair value through profit and loss (FVTPL)

FVTPL includes financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Financial liabilities have not been designated upon initial recognition at FVTPL.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged/cancelled/expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and liabilities are offset and net amount is reported if there is currently enforceable_legal right to offset the recognised amounts and there is intention to settle on a net basis, to realise_assets and settle the liabilities simultaneously.
